LIVE UNITED  **United Way**
TM **United Way of Genesee County**

2008/09 Annual Report

Our Mission

- *Unite People*
- *Develop Resources*
- *Create Solutions*

Our Vision

“We will build a stronger Flint and Genesee County by mobilizing our community to improve people’s lives”.

What We Do

We mobilize the community and its resources, forge partnerships and collaborations with individuals, non-profit agencies, government, corporations, organized labor and foundations, to help create solutions.

Since 2000, our United Way has been focused on achieving measurable results in improving peoples lives in four focus areas: Basic Needs, Child/Youth Development, Older Adults and Strengthening Families.

*In 2008-09, United Way resources, including leveraged dollars, invested in health and human service “safety net” programs totaled **\$8.6 million.***

**UNDERNEATH EVERYTHING
WE ARE, UNDERNEATH
EVERYTHING WE DO, WE ARE
ALL PEOPLE. CONNECTED,
INTERDEPENDENT, UNITED.
AND WHEN WE REACH
OUT A HAND TO ONE, WE
INFLUENCE THE CONDITION
OF ALL. THAT'S WHAT IT
MEANS TO LIVE UNITED.**

Dear Friends:

Kevin Keane, Area Manager
Consumers Energy
2008 Board Chair

Ron Butler, Executive Director
United Way of Genesee County

When we as individuals think outside ourselves, we have the power to facilitate change. When we think of others' lives as linked to our own, our compassion grows. When we reach out a hand to one, we influence the condition of all. We build the strength of our families. We bolster the health of our communities. And we change the lives of those who walk by us every day. That is what it means to LIVE UNITED.

Our mission statement, "Unite People, Develop Resources, Create Solutions," is more important and challenging than ever before. Those of us that want to make a difference in our community are aware that our economy has changed. The problems facing our families and neighbors are more complex and harder to solve. The need has grown tremendously and that is why United Way volunteers and staff have made significant changes in the way they operate and respond to our community's needs.

Through our "Systems of Care" United Way has brought together non-profit agencies, government agencies and community leaders to address and create long-lasting changes by addressing the underlying causes of problems. Your United Way has listened to the community and has become a neutral convener, forging or participating in partnerships and collaborations to improve the lives of people affected by our most serious problems.

We have identified organizations that share our vision of community and are willing to work together with others, for common goals.

Advancing the common good, means creating opportunities for a better life for all. There are basic things that we all need for a good life: good health, a quality education that

leads to a stable job and income that can support a family through retirement. United Way is focusing on these building blocks for a better life by helping children and youth achieve their potential, promoting financial stability and independence and improving people's health.

Living united means being a part of the change. It takes everyone in the community working together to create a brighter tomorrow.

GIVE. ADVOCATE. VOLUNTEER.

2008 United Way Board Chair

Executive Director

Ron Butler, Executive Director presents Nick Gorney with a certificate and LIVE UNITED T-shirt. For his school community service project, he collected 270 pop cans from his neighbors and contributed the money he raised to our United Way.

Dan Welton, 2008 Campaign Chairperson

As the 2008 United Way Campaign Chair and recently retired Plant Manager of the GM Grand Blanc Weld Tool Center, I am proud to have been a part of this important effort and organization. The dollars that have been pledged through our 2008 campaign will help thousands of people in our community.

Our 2008 campaign was a great example of our new credo: **"LIVE UNITED"**, and our new call to action: **GIVE. ADVOCATE. VOLUNTEER.** When we answer that call and come together to forge solutions, we are indeed **LIVING UNITED.** The synergy of our response is what enables us to do even more to address the needs of our at-risk children, families and older adults. We do this because we know that

when we reach out a hand to one person, we improve the quality of life for all of us in our community. **Now the results:**

In the **Community Sector**, which includes over 300 companies, organizations, union members and individuals, total pledges were **\$2,524,891.**

We know charitable giving in 2008 was a challenge for many companies and individuals because of the economy. That makes this total even more meaningful for those people in our community who are struggling and truly in need.

In the **Automotive Sector** in 2008, the employees of GM, Delphi, and EDS, many of whom are UAW members, pledged **\$922,500**; which exceeded their goal by 8.3%. In addition, General Motors corporate gift this year was **\$290,000**; which brings the total pledged in the automotive sector to **\$1,212,500.**

With the large number of retirements in 2008 and the on-going uncertainty in the auto industry, this is a wonderful example of the

generosity of the people of our community.

This brings our pledged, **grand total for the 2008 United Way Campaign to \$3,737,391.**

Your pledges are even more important this year, because the problems facing our families and neighbors are more complex and harder to solve. This is why **"LIVING UNITED"** is an opportunity for all of us, together, to inspire hope and create opportunities for a better tomorrow and, encompasses more than just your annual pledge to United Way. It is choosing to think of **"WE"** instead of **"ME"** and to not only **GIVE**, but also to get involved for the common good by **ADVOCATING** and **VOLUNTEERING.**

Labor-when we all work together...

Larry Roehrig, Labor Co-Chair
AFSCME Council 25

Duane Zuckschwerdt, Labor Co-Chair
UAW Region 1-C

Labor's commitment to our community and the United Way is part of our history. For over 55 years, the United Way and Labor Organizations have stood as partners. This partnership serves as the foundation of Genesee County by helping to provide health and human services to all those in need.

Organized labor has always played a major role in helping those in need. The annual campaign is the primary vehicle of labor's support. United Way is projecting to raise \$3.7 million dollars in Genesee County and labor dollars accounted to half of the campaign. It's not just money that labor contributes – hundreds of volunteers from both the AFL-CIO and UAW help with community service activities that serve thousands of citizens throughout our community. When there is a need for donated items for special projects, our AFL-CIO Community Service Liaisons have worked hard to collect everything from personal need items for homeless individuals and families to helping the unemployed or underemployed survive the holidays. Last Christmas they distributed 3,000 donated toy trucks. They also matched individuals and business who wanted to adopt children, seniors and families for the holidays. They work with multiple non-profits to help those in need in the community.

Each year, they hold community service classes that educate labor leaders about services available in Genesee County. In addition, the classes are designed to prepare volunteers to serve at special events, agency fairs and human service agencies. Labor volunteers, through United Way, become involved in scouting, mentoring and other youth programs.

Organized Labor and United Way have expanded through several programs and special events such as:

Bone Marrow Program – implemented in 1992 to sign up life-saving volunteer donors to the National Marrow Donor Program. Since this partnership began, over 17,000 donors from our community have been added to the NMDP registry and approximately 44 volunteers have donated their bone marrow to patients in need of a transplant.

...we get results!

The NALC Food Drive is a partnership between the National Association of Letter Carriers (NALC), the AFL-CIO and United Way. The event takes place on Mother's Day weekend in May and collects millions of pounds of food across the country to feed the homeless and hungry families. Last year in Genesee County, the food drive brought in 142,868 pounds of food for those in need.

The Handicap Ramp Program provides assistance to disabled citizens through the construction of residential ramps. UAW/GM-Delphi volunteers and United Way respond to requests from disabled and elderly citizens who need wheelchair accessibility for their home. Since its inception, they have built over 4,700 ramps.

The 2nd Annual Cruze for United Way car show raised \$4,000. The car show and cruze is held in July. Cars cruze from GM Grand Blanc Weld Tool Center to Auto City Speedway in Clio and then participate in a car show. The money raised is to help with the Handicapped Ramp Program.

These examples barely begin to tell the story of the partnership United Way has with organized labor. This pairing and its support of the United Way annual campaign have touched lives in every facet of our community.

Top to Bottom: 2nd Annual Cruzin' for United Way; GM Job Bankers building a handicap ramp; AFL-CIO members are ready to deliver back to school supplies; and members of local unions attend Community Service Classes

Leadership Giving

Gene Dennis
2008 Leadership Giving Chair

Thank you for your 2008 leadership support to our United Way. Your contribution is invested in programs that help provide needed services to our at-risk children, older adults and families.

Many words come to mind to describe people like you: philanthropist, giving, charitable and caring. Your generosity exemplifies all of them.

United Way is a wonderful example of how powerful force teamwork can be. Through an extensive network of donors, volunteers, partnerships and collaborations; United Way supports the "safety net" of programs that make a critical

difference in the lives of so many people in our community.

On behalf of our United Way's Leadership Cabinet members, recipients of services and United Way's staff, thank you for being our Leadership partners.

Sincerely,
Gene Dennis

Due to the timing of this publication, there may be names not listed. We will list them in the 2010 Annual Report.

Our United Way makes a sincere effort to accurately recognize donors and their companies who contribute Leadership level gifts. United Way's ability to recognize donors depends on information provided by companies. Every effort is made to obtain accurate and complete information. If you notice an error or an omission, please accept our apology and notify the United Way at 810-232-8121 or call Hanna Goodstein, 810-762-5828 or email: hgoodstein@unitedwaygenesees.org

Community Investments

Community Investments is your United Way donations hard at work in our community. Each year the volunteers and staff of the Community Investment Team set out to research the best possible options for investing your donations. United Way volunteers and staff, along with various community members have redesigned how this process works to create solutions to ensure positive results for the community.
