Independent Auditor's Report

To the Board of Trustees
United Way of Genesee County

We have audited the accompanying financial statements of United Way of Genesee County (the "Organization"), which comprise the statement of financial position as of June 30, 2021 and 2020 and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of United Way of Genesee County as of June 30, 2021 and 2020 and the changes in its net assets, functional expenses, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Note 1 - Nature of Business

United Way of Genesee County (the "Organization") is a not-for-profit organization under Section 501(c)(3) of the Internal Revenue Code whose purpose is to provide financial support for philanthropic, health and social, educational, and community organizations within Genesee County, Michigan through a public campaign for funds. The Organization's stated mission statement is threefold: uniting people, developing resources, and meeting community needs. The Organization is governed by a volunteer board of trustees.

Note 2 - Significant Accounting Policies

Flint Water Crisis

Cash contributions received and community services expenses decreased from fiscal year 2020 to 2021 due to the community's decreased response to the Flint water crisis during 2020 and 2021. Gross cash contributions related to the Flint water crisis totaled \$100,091 and \$162,885 and total expenditures were \$136,708 and \$264,325 for the years ended June 30, 2021 and 2020, respectively. Donated assets related to the Flint water crisis were \$0 and \$945,486, respectively, for the years ended June 30, 2021 and 2020. Donated assets related to the Flint water crisis comprised bottles of water and were valued based on the method described in the *Donated Services and Assets* significant accounting policy. Net assets with donor restrictions designated to the Flint water crisis at June 30, 2021 and 2020 totaled \$13,010 and \$49,627, respectively. United Way of Genesee County has not taken administrative fees out of any funds received for the Flint water crisis.

COVID-19 Pandemic

During 2020 and 2021, the Organization received cash contributions in response to the COVID-19 pandemic that resulted in shelter-in-place and other emergency orders in the state of Michigan and across the nation. For the years ended June 30, 2021 and 2020, cash contributions restricted for purposes of COVID-19 support totaled \$263,643 and \$381,472, respectively, and related expenditures released from restrictions totaled \$319,473 and \$218,223, respectively. Net assets with donor restrictions designated to the COVID-19 pandemic at June 30, 2021 and 2020 totaled \$132,643 and \$163,249, respectively. For the years ended June 30, 2021 and 2020, cash contributions without donor restrictions expended for purposes of COVID-19 support totaled \$1,405,000 and \$25,000, respectively. United Way of Genesee County has not taken administrative fees out of any funds received for the COVID-19 pandemic.

Cash Equivalents

The Organization considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Investments

Investments in debt and equity securities are recorded at fair value based on quoted market prices. Certificates of deposit are recorded at cost.

Risks and Uncertainties

The Organization invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

Note 2 - Significant Accounting Policies (Continued)

Promises to Give

Unconditional intentions to give are recognized as revenue or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional intentions to give are recognized only when the conditions on which they depend are substantially met and the intentions become unconditional.

Pledges Receivable - Annual Campaign

Annual campaigns are conducted each year to raise support for allocation to participating agencies for the subsequent calendar year. All contributions are considered to be available for use without donor restrictions unless specifically restricted by the donor. All pledges receivable are expected to be collected within 14 months after the beginning of scheduled payments.

A provision for uncollectible pledges relating to annual campaigns has been provided based on the prior year's experience and the expectations of management as to collectibility. The provision is computed on the gross pledges receivable, including donor designations. Campaign pledges prior to the 2019 campaign have been deemed wholly uncollectible and, therefore, were written off. However, if any campaign pledges prior to the 2019 campaign year are collected, they will be recorded as income in the year received. The allowance was \$128,000 and \$200,000 as of June 30, 2021 and 2020, respectively.

The Organization receives contributions from individuals and businesses mainly located in the Genesee County, Michigan geographic region. Corporate and employee gifts of General Motors Corporation account for 54 percent and 48 percent of campaign pledge receivables as of June 30, 2021 and 2020, respectively, and 49 percent and 43 percent of the campaign pledges for fiscal years 2021 and 2020, respectively.

Accounts Receivable

Accounts receivable are stated at invoice cost. Account balances are reviewed regularly to determine whether delinquent accounts should be written off. The Organization has no allowance for doubtful accounts for financial reporting purposes. All accounts receivable are considered collectible.

Grants Receivable

Grants receivable include receivables for services rendered by the Organization in accordance with grant contracts and reimbursements that have not been received as of year end. Grants receivable also include contributions made to the Organization outside of the annual campaign, including corporate and foundation gifts. An allowance for doubtful accounts has not been established, as all grants receivable are deemed collectible. The balance at June 30, 2021 and 2020 was \$398,414 and \$1,075,015, respectively. The payments are expected to be received within one year.

Property and Equipment

Property and equipment are recorded at cost when purchased or at fair value at the date of donation. The straight-line method is used for computing depreciation. Assets are depreciated over their estimated useful lives except for leasehold improvements, which are depreciated over the lesser of the estimated useful lives or the life of the lease. Costs of maintenance and repairs are charged to expense when incurred.

The Organization reports gifts of property and equipment as support without donor restrictions unless explicit donor stipulations specify how the donated assets must be used. Gifts of property and equipment with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire property and equipment are reported as restricted support. Absent explicit donor stipulations about how long the property and equipment must be maintained, the Organization reports expirations of donor restrictions over time based on an estimate of the useful lives of the donated or acquired property and equipment.

Designation Payable

The Organization receives pledges from donors designating the resources to specified agencies. The Organization collects these resources and disburses the funds to the designated agencies. Designated pledges are excluded from contribution revenue, and the related disbursements to specified agencies are excluded from allocations in the statement of activities and changes in net assets.

Classification of Net Assets

Net assets of the Organization are classified based on the presence or absence of donor-imposed restrictions.

Net assets with donor restrictions: Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Organization or by the passage of time. Other donor restrictions are perpetual in nature, where the donor has stipulated the funds be maintained in perpetuity.

Earnings, gains, and losses on donor-restricted net assets are classified as net assets without donor restrictions unless specifically restricted by the donor or by applicable state law.

Board-designated Net Assets

Board-designated net assets are net assets without donor restrictions designated by the board primarily for capital improvements. These designations are based on board actions, which can be altered or revoked at a future time by the board.

Contributions

Contributions of cash and other assets, including unconditional promises to give in the future, are reported as revenue when received, measured at fair value. Donor promises to give in the future are recorded at the present value of estimated future cash flows. Contributions resulting from bequests, measured at the time the agreements are entered, are based on the difference between the fair value of the assets received or promised and the present value of the obligation to the third-party recipient under the contract.

Contributions without donor-imposed restrictions are reported as support without donor restrictions. Other restricted gifts, including those for which restrictions are met in the period in which the gift is received, are reported as restricted support and net assets with donor restrictions.

Unconditional promises to give and pledges receivable (annual campaign) with payments due in future periods are assumed to have an implicit time restriction. Those restrictions are released as contributions are collected or when allocations are made to recipient organizations based on those future collections.

Donated Services and Assets

The Organization receives volunteer services that are not recordable under accounting principles generally accepted in the United States of America. A number of volunteers have donated time to the Organization. The value of volunteer services is not disclosed, as no objective basis is available to measure the value of such services. Donated materials and services are recorded at the fair market value upon receipt. As of June 30, 2021 and 2020, approximately \$302,474 and \$1,163,365, respectively, of donated materials and services has been recognized by the Organization.

Note 2 - Significant Accounting Policies (Continued)

Functional Allocation of Expenses

The costs of providing program and support services have been summarized on a functional basis in the statement of activities and changes in net assets. The statement of functional expenses presents the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the program and support services benefited. Those expenses include salaries and benefits, depreciation, occupancy, and other office costs. Salaries and benefits, depreciation, occupancy, and other office costs are allocated based on a time and cost study of where efforts are made and program and support services benefited.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Federal Income Taxes

Under provisions of Section 501(c)(3) of the Internal Revenue Code and the applicable income tax regulations of the state of Michigan, the Organization is exempt from federal income taxes under Section 501(a) of the Internal Revenue Code as an organization described in Section 501(c)(3). There were no unrelated business activities in 2021 and 2020. Accordingly, no tax expense was incurred during the years ended June 30, 2021 and 2020.

Concentration of Credit Risk Arising for Deposit Accounts

The Organization maintains cash balances at several institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation in accordance with applicable program limits. At times, balances may exceed federally insured limits.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including November 10, 2021, which is the date the financial statements were available to be issued.

Adoption of New Accounting Principle

Effective July 1, 2020, the Organization adopted Accounting Standards Update (ASU) No. 2014-09, *Revenue from Contracts with Customers (Topic 606)*, which is based on the principle that revenue is recognized to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Management has assessed the various revenue streams of the Organization and determined that major revenue streams are not significantly impacted by the standard.

Upcoming Accounting Pronouncements

The Financial Accounting Standards Board (FASB) issued ASU No. 2016-02, *Leases*, which will supersede the current lease requirements in ASC 840. The ASU requires lessees to recognize a right-to-use asset and related lease liability for all leases, with a limited exception for short-term leases. Leases will be classified as either finance or operating, with the classification affecting the pattern of expense recognition in the statement of operations. Currently, leases are classified as either capital or operating, with only capital leases recognized on the balance sheet. The reporting of lease-related expenses in the statements of operations and cash flows will be generally consistent with the current guidance. The new lease guidance will be effective for the Organization's year ending June 30, 2023 and will be applied using a modified retrospective transition method to the beginning of the earliest period presented. The Organization is still evaluating which method it will apply. The effects on the results of operations are not expected to be significant, as recognition and measurement of expenses and cash flows for leases will be substantially the same under the new standard.

In September 2020, the FASB issued ASU No. 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*. The ASU provides for additional disclosures to support clearer financial information about important noncash contributions that charities and other not-for-profit organizations receive, known as gifts in kind (GIKs). Contributed nonfinancial assets will be reported by category within the financial statements, and there will be additional disclosures included for each category, including whether the nonfinancial assets were monetized or used during the reporting period, the policy for monetizing nonfinancial contributions, and a description of the fair value techniques used to arrive at a fair value measurement. The new guidance will be effective for the Organization's year ending June 30, 2022 and will be applied using the retrospective method. The Organization expects the new standard will result in increased disclosures for financial statements.

Note 3 - Investments

The investment objective of the Organization is to first provide for a reasonable level of liquidity to meet cash flow needs and, secondarily, to provide for long-term growth of assets available for investment in conjunction with a balanced operating budget under a prudent investment strategy (up to 60 percent of assets to be allocated to professional money managers). The investment of assets is intended to be done in a prudent manner, based upon sound financial judgment, to minimize credit and inflationary risk, which could erode investment principal. The finance committee must approve exceptions to the policy.

Investments consist of the following:

	2021	2020
Certificates of deposit	\$ 185,253	\$ 492,258
Mutual funds - Equity (Note 12)	2,583,780	2,171,719
Mutual funds - Fixed income (Note 12)	1,211,471	849,857
Common stock (Note 12)	138,025	126,507
Corporate bonds (Note 12)	3,719,787	-
Total	\$ 7,838,316	\$ 3,640,341

June 30, 2021 and 2020

Note 3 - Investments (Continued)

Interest and dividend income, net of investment fees, earned during the years ended June 30, 2021 and 2020 was \$137,224 and \$110,039, respectively.

Note 4 - Beneficial Interest in Trusts Held by Third Party

The Organization is the income beneficiary of various trusts held by financial institutions. Under the terms of the trust agreements, the Organization has the irrevocable right to receive a percentage of the income earned on trust assets in perpetuity; however, the Organization will never receive the assets held in the trusts. An asset with donor restrictions has been recorded based on the present value of the estimated future cash receipts from the trusts' assets. The balance at June 30, 2021 and 2020 was \$764,611 and \$658,016, respectively. Annual distributions from the trusts are reported as investment income, which increases net assets without donor restrictions. Adjustments to the amount reported as an asset, based on an annual review using the same basis as was used to measure the asset initially, are recognized as an unrealized gain or loss with donor restrictions.

Income distributions of \$28,080 and \$32,636 were received in 2021 and 2020, respectively.

Note 5 - Beneficial Interests Held by Third Party with Variance Power

The Organization has a beneficial interest in specific funds held by Community Foundation of Greater Flint (the "Community Foundation"). Under the terms by which the Community Foundation has accepted the gift, the Organization can expect to receive distributions of income earned on these funds in perpetuity. The Organization will never receive the assets held by the Community Foundation. According to the terms of the gift, the income received from the beneficial interest can be used only for (1) responses to short-term crisis conditions impacting human survival among groups of people, (2) initial program startup to meet emerging new human needs, or (3) capital needs (e.g., land, buildings, and equipment).

These assets held by the Community Foundation are not recorded on the financial statements of the Organization since the Community Foundation maintains variance power over the distributions of income from this gift and could legally redirect the income from the assets to a different income beneficiary. Because the Community Foundation maintains variance power, the Organization has no legal right to the annual income from the assets. While the Community Foundation has the legal right to change the beneficiary, the Organization's management does not expect such a change to occur and expects to continue to receive income distributions annually from the assets held at the Community Foundation.

The fair value of the investments held by the Community Foundation in funds where the Community Foundation has variance power at June 30, 2021 and 2020 totaled \$880,545 and \$681,880, respectively.

Income recognized annually for the income distributions received from the Community Foundation was \$24,398 and \$25,923 in 2021 and 2020, respectively.

Note 6 - Property and Equipment

Property and equipment are summarized as follows:

	2021	2020	Depreciable Life - Years
Transportation equipment	\$ 26,423	\$ 26,423	5
Computer equipment and software	125,369	125,369	3-5
Leasehold improvements	73,560	73,560	5-20
Total cost	225,352	225,352	
Accumulated depreciation	211,260	205,809	
Net property and equipment	<u>\$ 14,092</u>	<u>\$ 19,543</u>	

Depreciation expense for 2021 and 2020 was \$5,451 and \$18,983, respectively.

Note 7 - Other Postretirement Benefit Plan

The Organization has a plan that provides postretirement health benefits for certain individuals (the "Plan"). Employees are eligible if they retired on or after January 1, 1995 as a full-time employee. Eligible employees may receive benefits under the Plan after attaining the age of 60 as an active employee and after completing 10 or more years of service at the Organization and are not eligible for any other health care package, excluding Medicare. Benefits provided include hospital/medical benefits to the employee only and do not include the spouse or other dependents. The Organization funds the Plan in the year in which the benefits are paid.

Obligations and Funded Status

	Other Postretirement Benefits	
	2021	2020
Benefit obligation	\$ 1,172,580	\$ 1,163,458

Amounts recognized in the statement of financial position consist of the following:

Note 7 - Other Postretirement Benefit Plan (Continued)

In accordance with generally accepted accounting principles, the benefit obligation presented in the table above presents the accumulated benefit obligation for the postretirement benefits.

Components of net periodic benefit cost and other amounts recognized in the statement of activities and changes in net assets are as follows:

	Other Postretirement Benefits	
	2021	2020
Net Periodic Benefit Cost, Employer Contributions, and Benefits Paid		
Net periodic benefit cost	\$ 84,461	\$ 70,832
Employer contributions	27,896	30,748

Other Changes in Plan Assets and Benefit Obligations Recognized		
Total recognized in benefit-related changes other than net periodic retiree cost - Net gain (loss)	\$ 27,119	\$ (15,521)

Assumptions

Weighted-average assumptions used to determine benefit obligations at June 30 are as follows:

	Other Postretirement Benefits	
	2021	2020
Discount rate	2.50%	2.50%

Weighted-average assumptions used to determine net periodic benefit cost for the years ended June 30 are as follows:

	Other Postretirement Benefits	
	2021	2020
Discount rate	2.50%	4.00%

The overall expected rate of return on plan assets represents a weighted-average composite rate based on the historical rates of returns of the respective asset classes adjusted for anticipated market movements.

Assumed Health Care Cost Trend Rates at June 30

	Other Postretirement Benefits	
	2021	2020
Health care cost trend rate assumed for next year (pre-65)	8.25 %	8.25 %
Health care cost trend rate assumed for next year (post-65)	6.50 %	6.50 %

Note 7 - Other Postretirement Benefit Plan (Continued)

Cash Flow - Estimated Future Benefit Payments

The following postemployment benefit payments, which reflect expected future service, as appropriate, are expected to be paid as follows:

Years Ending	Other Postretirement Benefits
2022	\$ 27,189
2023	41,066
2024	43,200
2025	42,150
2026	44,661
2027-2031	187,032

Note 8 - Line of Credit

The Organization opened a new line of credit agreement during the fiscal year ended June 30, 2020. Under the line of credit agreement with Huntington National Bank, the Organization had available borrowings of approximately \$750,000. Interest was payable monthly at a rate of 0.5 percent below the index rate, which was 3.25 percent as of June 30, 2020 (an effective rate of 2.75 percent at June 30, 2020). The line of credit was unsecured. The line of credit was initiated on May 19, 2020, with a maturity date of May 5, 2021. No balance was outstanding on the line of credit as of June 30, 2020. The line of credit was not renewed upon reaching the maturity date.

Note 9 - Paycheck Protection Program Loan

During the year ended June 30, 2020, the Organization received a Paycheck Protection Program (PPP) loan in the amount of \$308,420. Under the terms of this program, the loan may be fully or partially forgiven if the loan proceeds are spent on qualifying expenses and if staffing level and salary maintenance requirements are met. The Organization may use the funds on qualifying expenses over a covered period of at least 8 weeks and up to 24 weeks. At the conclusion of the covered period, any balance that is not forgiven by the Small Business Administration (SBA) will be repaid over a period of two years at a 1 percent interest rate, with monthly payments of principal and interest beginning six months after the conclusion of the covered period. Based on the loan amount, irrespective of any potential forgiveness that may be granted in the future, monthly principal and accrued interest would be repaid in 18 installments of approximately \$17,270 per month.

At June 30, 2020, the outstanding balance on the PPP loan was \$308,420, which is classified as debt on the statement of financial position.

The Organization applied for and received notification from the SBA of forgiveness of the loan on April 19, 2021. The forgiveness has been recorded as gain on extinguishment of debt on the statement of activities and changes in net assets.

Note 10 - Net Assets

The Organization's net assets are categorized and reported as follows:

Net Assets without Donor Restrictions

This portion of the Organizations net assets is available for general obligations and is not subject to any donor-imposed restrictions. Revenue earned from contributions without donor restrictions, grants without donor restrictions, building rental, investment income available for operations, and all operating expenses are reported in this category. Net assets without donor restrictions of \$1,500,000 have been designated as operating reserve for the years ended June 30, 2021 and 2020 based on the board resolutions.

Note 10 - Net Assets (Continued)

Net Assets with Donor Restrictions

Net assets with donor restrictions are restricted as follows:

	2021	2020
Purpose restricted:		
Flint water crisis	\$ 13,010	\$ 49,627
Don Burkes Memorial Bone Marrow	77,223	77,223
Ramp Program	36,257	44,637
COVID-19	132,643	163,249
Berston Program	301,670	82,414
United Way as grantee	836,822	835,252
Time restricted - General operations	529,981	715,699
To be held in perpetuity	764,611	658,016
Total	\$ 2,692,217	\$ 2,626,117

The portion of the Organization's net assets limited by donor-imposed restrictions that require the gift be maintained in perpetuity consist of the beneficial interests held by third parties.

Note 11 - Defined Contribution 401(k) Plan

The Organization has established a defined contribution retirement plan covering all employees of the Organization who are eligible under plan provisions. Employer discretionary contributions, which are determined each year by management, were \$30,137 and \$30,053 for the plan years ended June 30, 2021 and 2020, respectively. Employer matching contributions are up to 3 percent of the employee's salary each pay period and were \$33,948 and \$30,277 for the plan years ended June 30, 2021 and 2020, respectively.

Note 12 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Organization has the ability to access.

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets and other inputs, such as interest rates and yield curves, that are observable at commonly quoted intervals.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Organization's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

Note 12 - Fair Value Measurements (Continued)

The following tables present information about the Organization's assets measured at fair value on a recurring basis at June 30, 2021 and 2020 and the valuation techniques used by the Organization to determine those fair values:

Assets Measured at Fair Value on a Recurring Basis at June 30, 2021				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance at June 30, 2021

Total investments	\$ 3,249,292	\$ -	\$ 658,016	\$ 3,907,308

Investments per the statement of financial position include CDs of \$185,253 and \$492,258 as of June 30, 2021 and 2020, respectively, that are not included above. Listed above are money market mutual funds of \$224,889 and \$101,209 as of June 30, 2021 and 2020, respectively, that are not included in investments on the statement of financial position.

The fair value of beneficial interest in perpetual trusts at June 30, 2021 and 2020 was determined primarily based on Level 3 inputs. The Organization estimates the fair value of these investments in beneficial trusts based on the fair value of the assets in the trust unless the facts and circumstances indicate the fair value would be different from the present value of estimated future distributions.

Of the Level 3 assets still held by the Organization at June 30, 2021 and 2020, the unrealized gain and loss for the years ended June 30, 2021 and 2020 was \$106,595 and \$507, respectively.

June 30, 2021 and 2020

Note 13 - Liquidity and Availability of Resources

The following reflects the Organization's financial assets as of June 30, reduced by amounts not available for general use because of contractual or donor-imposed restrictions within one year of the statement of financial position date:

	2021	2020
Cash and cash equivalents	\$ 2,133,957	\$ 1,384,658
Accounts and grants receivable	441,360	1,095,241
Pledges receivable - Net of allowance and designations payable	491,980	495,699
Short-term investments	7,731,160	3,280,958
Financial assets - At year end	10,798,457	6,256,556
Less those unavailable for general expenditures within one year due to contractual or donor-imposed restrictions:		
Restricted by donor with purpose restrictions	1,397,625	1,252,402
Allocations to be paid within one year	1,005,000	1,045,775
Financial assets available to meet cash needs for general expenditures within one year	\$ 8,395,832	\$ 3,958,379

None of these financial assets are subject to donor or other contractual restrictions that make them unavailable for general expenditure within one year of the statement of financial position date.

The Organization has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, the Organization invests cash in excess of daily requirements in various short-term investments. The Organization's board has designated net assets to support both strategic initiatives and a short-term disruption in revenue in the amount of \$1,500,000 as of June 30, 2021 and 2020. These amounts have been included in the total financial assets available to management for general expenditure within one year.

Note 14 - Subsequent Events

Subsequent to year end, the board of trustees approved program allocations (amounts payable to local agencies) of \$1,005,000. These allocations will be paid during the fiscal year ending June 30, 2022.

Supplemental Information

Independent Auditor's Report on Supplemental Information

To the Board of Trustees
United Way of Genesee County

We have audited the financial statements of United Way of Genesee County (the "Organization") as of and for the years ended June 30, 2021 and 2020 and have issued our report thereon dated November 10, 2021, which contained an unmodified opinion on those financial statements. Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The schedule of initial and final pledge campaign uncollectible reserves is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.
